

Bert L. Howe & Associates, Inc.

Construction Consultants

Construction and Design Professionals

Expert Witness Engineer

Bert L. Howe & Associates, Inc., is a construction consulting firm that specializes in providing expert witness services necessary for supporting legal actions. BHA's Expert Witness Engineering Group is comprised of licensed, experienced engineers that are engaged in a multitude of cases involving building code violations, evaluation of regulatory requirements, training, standard of care issues, surveys, licensing, and defective specifications. Through its proprietary software and web portals, BHA provides clients with credible, cost-effective resources geared toward explaining, identifying, and designing corrective measures. BHA is a recognized presence in the construction claims community.
